

Jaycees Newsletter-May 2012

Message from the President:

“Show up to Venetian set-up **and** tear-down! You don't want to know what happens if you don't, just show up”- Ryan Stelzer President Lake Geneva Jaycees

Jaycees News

We have several exciting events coming up that don't want to be missed:

General Meeting-June 13th, Harbor Shores- This meeting is a very important one for you guys to be at. Historically, we sign up for Venetian shifts at the July meeting but we are moving that up a month this year so we can fill the sheet before the July meeting. For those of you that haven't worked Venetian Festival before, you are required to work at least three shifts throughout the weekend. The importance of signing up early is having the ability to pick and choose your shifts to maximize your flexibility with work/family etc. We also have some important donation requests that need to be discussed as well.

Canoe Float, date is TBA, most likely early July- This event is going to be changing again this year. It sounds like we are going to be getting a group of boats together and doing a float on beautiful Lake Geneva in Buttons Bay. More info to follow.

Big Brothers/Big Sisters golf outing- July 12th, 2012- The board members approved three teams, board members get first right of refusal to play so get those names in to me ASAP. I need to have the groups to Fatts before June 29th.

Pre-Venetian Festival-Aug 8th, 2012- Ron and Darin have graciously accepted the challenge to chair this event. Darin personally assured me that he is guarantees there will be no mosquitos at this years event.

Venetian Festival-Aug. 13th thru 20th, 2012- Don't tell me the dates are wrong for Venetian. They aren't. Aug. 13th is set up. Aug 20th is tear down, enough said.

Sorry, this newsletter is brief. I'm still figuring out how to use the template that Jer has set up. All of the pictures that we have from the events will be included in the June issue. This is the bare bones information that members have to know at this point and more info to come in June.
